All full-credit courses run for one academic term. There are 15 weeks in each term, consisting of 13 weeks of seminars (39 hours of classes), one recess week and one examination week. Recess week is usually used by local students for group work and/or preparation for assignments. International Exchange Students will have to participate in group work / projects.

All dates of exams are displayed in the course catalogue and are fixed.

(Dates are set to take into account Seasonal/Religious holidays in Singapore and will not be changed to accommodate holidays from other countries)

Student Exchange @ SMU

PARTNERS' GUIDE FOR SPRING 2019

Only undergraduate programmes/schools (Accountancy, Business, Economics, Information Systems, Law, Social Sciences) are open to exchange students. Students who are nominated via school-level exchange agreements may be restricted to courses offered by the school. A list of courses available for exchange students will be sent to applicants about two weeks before course registration.

Students enrol for courses via a bidding system. There is no guarantee on course availability and enrolment of the student's preferred courses. Hence, it is strongly advised that students exercise flexibility and to seek prior approval from their home university to enrol in alternative courses.

Postgraduate courses are not open to exchange students. All incoming exchange students can only take undergraduate courses.

To view the course catalogue and course descriptions for a specific semester, please visit: Undergraduate Student Information (<https://inet.smu.edu.sg/sites/courses>) - *Course Catalogue Class Search* -> *Select the correct Academic Term* -> *Select Courses with Sections Offered* -> *Select the corresponding letter of the course name* -> *View Class Section* -> *Course Outline*
(More information about the courses can be obtained in the course outline).

Pre-requisites

Some courses require students to fulfil certain pre-requisites before reading the course. The pre-requisites are listed in the online course catalogue. If students have done similar pre-requisites in their home university, they are advised to check with the SMU course instructors on the fulfilment of these pre-requisites.

Students are encouraged to prepare a course outline (in English) of the courses they have taken that meets the pre-requisites, for review by the SMU course instructor up. Reviews may be done up till the first week of the academic term.

Students may look up the course instructors from the Class Sections and contact them directly for enquiry on course pre-requisites. The list of SMU instructors are available via the [Faculty Directory](#) at the SMU website.

Class Attendance

All students are required to attend all classes. In all courses, the instructor will determine the acceptable level of attendance. If, in the opinion of the instructor, the student has been absent excessively, he /she may be given a grade 'F'. If the student receives a grade 'F' due to absence during the term, he / she shall be expelled immediately from that respective course for which the 'F' grade was given. It is important for students to note that class participation is an important aspect and component of the University's assessment system.

To participate actively in classes, physical presence is required (unless otherwise stated by the course instructor). Missing classes mean forfeiting opportunities to contribute constructively to discussions and activities. Unless granted an 'Excused Absence', absenteeism will erode the class participation grade. Should any student expect himself / herself to be absent with a valid reason for an extended period of time (2 weeks or longer), he / she shall be required to inform the course instructor in advance to seek consent. If any student skips classes for an extended period (3 weeks or longer), and attempts by the instructor / School to contact him / her via official means (e.g. email, phone) are unsuccessful, he / she shall then be liable to have his / her student registration status terminated. Accordingly, the student shall be withdrawn from the university.

In any circumstances, students who are unable to attend classes should nonetheless act responsibly and notify their respective instructor and peers of their absence from class / project discussions.

It is a university policy for students to attend classes when term starts. Late arrivals are **NOT** accepted.

Health and Accident Insurance

It is compulsory for all incoming exchange students to purchase the *Student Health and Accident Insurance* as recommended by SMU. Cost for this insurance is included as part of the miscellaneous fees. (<https://www.smu.edu.sg/campus-life/student-services/international-exchange-health-insurance>)

As the *Student Health and Accident Insurance* does not cover overseas travel, students shall be required to purchase additional overseas travel insurance for any travel to and out of Singapore during their exchange term.

Additionally, SMU has engaged the services of International SOS to provide 24-hour travel assistance for students. International SOS provides updated information, travel alerts and assistance regarding security and medical issues happening worldwide. Students are strongly advised to download the International SOS Mobile Assistance App on their mobile devices upon enrolment.
