Hitotsubashi University Global Education Program (HGP) is open to all HU students and will be conducted in English.

“Know what you want, recognize your unique strengths and excel in both Japan and internationally”

What do you want in life? What do you want to achieve and what lifestyle do you want? Where do you want to be based and why? Are you following your dream or somebody else's dream? -----

This session will focus on real-life stories, and will be spontaneous and interactive. It is not designed to provide useful information or promote any particular “right” answer. Instead, its goal is to ignite your thought-provoking process which in turn will help you discover your own dream, drive, and direction in life.
