## Screening Process, Selection, and Scholarship Payments

### 1) Screening process

We take diversity of nationality into consideration in our screening process. The screening process involves reviewing the application documents and interviewing candidates.

Scholarship recipients will be chosen by the Foundation's selection committee, with decisions finalized by the Board of Directors. The interview portion of the process will be conducted in Osaka or Tokyo by the end of February, 2025 (tentative).

### 2) Selection

Outcomes of the selection will be communicated to universities by the end of March. Attendance at the certification ceremony planned on Friday, July 25 and Saturday, July 26, 2025 and submission of a Letter of Agreement are compulsory for official certification as a scholarship recipient (also applicable to recipients of half-year scholarship). Recipients are not permitted to withdraw from the scholarship for the purpose of receiving another scholarship or grant at any time after submission of the Letter of Agreement.

### 3) Scholarship payments

Scholarship payments are generally made twice annually on predetermined dates in August and December. Payments will be deposited directly into the recipient's designated bank account. Moreover, you will also receive a book purchase grant toward the cost of purchasing books useful in your research, Japanese language studies, and international understanding (the expected grant amount is approximately 10,000 yen). Please be aware that you will be required to submit a Reading Report (in around November) on all books purchased using the book purchase grant.

\* Renewing applicants selected to receive the scholarship for a further half-year will be contacted separately regarding the timing of their scholarship payments. The Foundation plans not to provide such applicants with book purchase grants.

You cannot receive the Foundation's scholarship at the same time as receiving benefits under the Japan Science and Technology Agency's Support for Pioneering Research Initiated by the Next Generation, the MEXT's University Fellowship Founding Project for Innovation Creation in Science and Technology, or other similar programs/projects. All funds to support living expenses and those with no specified purpose of use (such as purchasing materials directly required for research) are considered "scholarships," even if they are called "research incentive grants," "research focus support funds" or the like.

**Q Can I be recommended if I have secured admission for April, 2025 but am yet to arrive in Japan?**

**A** No, you cannot. You need to submit a student registration certificate and certificate of residence together with your application, so you must be in Japan at the time of recommendation.

**A** You can be recommended, but as a rule, this is only possible if you are proceeding from an undergraduate to a master's program (business administration only) or master's to doctoral program, or transferring from research student to regular student status within the same university in April, 2025. However, this is only permitted in cases where you have been engaged in discussions with your prospective supervisor and he/she is able to write a letter of recommendation that includes comments on both your personality and your research plans. Please be sure to attach a copy of a document proving your admission when submitting your application.

If you are studying in the field of medical or engineering, you can also be recommended if you will be in the second year of a master's program as of April 2025, and have a firm intention of advancing to a doctoral program.

**Q I will graduate from my current program in the fall of 2025. Can I be recommended?**

**A** No, you cannot. Eligibility is limited to applicants who will be enrolled throughout the payment period (April 2025 - March 2026). However, scholarship recipients in fiscal 2024 enrolled in fall and scheduled to graduate in fall 2025 may apply for renewal for their final half-year prior to graduation (only those scheduled to graduate within the standard period for completion are eligible).

**Q I am taking advantage of an extended enrollment system or remaining in my program past the standard period for completion. Can I still be recommended?**

**A** Students taking advantage of an extended enrollment system, students who remain in a program past the standard period for completion (including doctoral program students past the standard period for completion), and students unlikely to complete their studies within the standard period for completion are ineligible. Scholarship recipients will have their scholarship cancelled if their graduation is delayed after they were selected as recipients.

**Q I plan to participate in an academic exchange program. Can I still be recommended?**

**A** Those who plan to leave Japan for a total of forty days or more (including the departing date) during the period covered by the scholarship for exchange program, homecoming visit, traveling, attending online classes from outside Japan, or other reasons (i.e. not being based in Japan) are ineligible.

## Application Materials

Q

**How can I obtain a Scholarship Application Form?**

A

Please download the Scholarship Application Form from the Application Support System. Please note that application forms are different for new and renewing applicants, as well as for the medical fields and the business fields applicants (engineering applicants should use the application form for medical fields and the letter of recommendation for engineering). Your application will be ineligible if you do not use the correct form.

Q

**Does my application need to be handwritten?**

A

The application must be handwritten by the applicant. Your application will be disqualified if all or any part of the application is typed or handwritten by someone other than yourself, or written with erasable pens.

Q

**As of when should I provide information on the institution currently attended (所属機関)?**

A

The information you provide for institution currently attended, year level, and other aspects of your studies and life should be correct as of the time of application. A

Please enclose five sets of copies, each comprising a copy of the Scholarship Application Form and the academic transcript, single-sided, on A4 size paper (use color copying for the page with your photograph attached). If you have completed your Scholarship Application Form in English, please also attach five sets of copies of a Japanese translation thereof. Copies of the checklist, student registration certificate, certificate of residence, and letters of recommendation are not required. Please leave your copies unstapled.

If you have any research papers that have been published, please enclose four collated copies of them (double-sided, stapled, then write your reference number and your name in Katakana at the upper right-hand corner of the first page). Please underline your name in the list of authors, using pens with red ink. Renewing applicants should only submit the research papers published (or accepted) after November 2023. (There is no need to submit the ones you already submitted last year.)

Q

**How should I fill out Section ④ (学歴・職歴) of the application?**

A

Provide your academic data from the last school attended in your home country to the school you are currently attending, in chronological order beginning with the oldest data at the top and leaving no gaps in the chronology (include any Japanese language schools attended and any universities attended as a research student). **A** Yes, you may submit a transcript of the undergraduate institution from which you graduated.

**Q** Does the transcript have to be an original? Do you accept copies?

**A** You may submit a copy.

**Q** Are transcripts written in the language of my home country accepted?

**A** Yes. If it is difficult to obtain a transcript written in Japanese or English, you may submit a transcript written in the language of your home country. Please note that, as specified in the program guide, submit the most recent transcript with course titles, credits earned, grades or other evaluations of student performance, and explanations of what the evaluations mean. (Pass/fail records alone are not acceptable.) At least one year's worth of academic transcripts are required. If your most recent transcript only covers half a year, submit the one from the previous year as well.

**Q** Is the deadline (Monday, November 25) the postmarked date or the date by which my application has to arrive at the Foundation?

**A** Your application must arrive at our office by 3:00 p.m. on Monday, November 25. Only applications sent by mail are accepted. Please note that the deadline for online submission of application documents through the Application Support System on our website is on Thursday, November 21, 5:00 p.m. Be sure to send a hard copy of your application documents by mail after submitting them on online.

**Q** Do you accept application forms completed in English?

Application forms completed in English will be accepted but must be accompanied by a Japanese translation of all English entries, including proper nouns. In such cases, the forms completed in English must be handwritten by the applicant. If you are able to fill out sections of the form in Japanese, we encourage you to do so. The Japanese translation need not be handwritten. No specific format or structure is required for the Japanese translation, but make sure to separate the translation corresponding to each page of the application form, and print it on single-sided paper (no both-side printing). Only for the section on "Research Subjects" (page 7 and 8 of the application form), you can write it continuously and there is no need to separate the pages. Please note that your application will be disqualified if there are any unnatural and unintelligible expressions, mistranslations, large omissions, translated content that is not contained in the original text, or other inaccuracies in the Japanese translation.

**A** Also, for the sections on "Future Aspirations (future aspirations and progress of the past one year)" (将来の抱負{将来の抱負とこの1年の進捗}), "Research Subjects (research progress over the past one year and research plans for the next year)" (研究内容{研究について、この1年の進捗と来年の研究計画}) and "Progress and Achievements over the past One Year" (過去1年の成果及び活動), please be sure to clearly indicate the character counts of the Japanese translations and keep them within the character limits.

# Application FAQ

**Q** The sections for "Future Aspirations (future aspirations and progress of the past one year)" (将来の抱負{将来の抱負とこの1年の進捗}), "Research Subjects (research progress over the past one year and research plans for the next year)" (研究内容{研究について、この1年の進捗と来年の研究計画}) and "Progress and Achievements over the past One Year" (過去1年の成果及び活動) have grid lines for Japanese characters. How should I proceed if I'm completing these sections in English?

**A** Simply ignore the grid lines. No limitation is placed on the number of alphanumeric characters when you complete them in English. In the Japanese translations, however, please make sure to stay within the predetermined limit on the number of characters and clearly indicate the character counts.

**Q** What should I do if I have no particular "Progress over the past One Year" (過去1年の成果) to report?

**A** Please report any achievements or advancements over the past one year, including not only presentations at academic conferences and papers submitted for publication, but also other achievements in your studies, activities contributing to the community, and so forth. If you had few achievements and advancements last year, you should not apply.

**Q** Under "Have you applied for other scholarships/research grants?" (他奨学金・研究助成金の併願状況), how should I enter one-off payments?

**A** When entering your information online, select "Annual amount" and enter the total yearly amount. On the Scholarship Application Form, in a blank space enter words such as "once-off" to explain the type of payment. If explanations are needed for other items on the form, enter them in blank spaces and mark them for attention using sticky notes.

**Q** Where are the required 5 spaces to write the reference number?

**A** Please refer to the STEP04 of the "Application Process" section in the Scholarship Guide or the Application Support System. In addition to these five spaces, you must also write the reference number on the envelope containing your letter of recommendation.

**Q** Can a lecturer or an assistant professor write the recommendation letter?

**A** For an application of Doctor's course student, the recommender must be someone who has a qualification to be the chief examiner of the doctoral dissertation.

## Japanese Proficiency

**Q** Am I eligible regardless of my Japanese proficiency?

**A** Yes. However, your Japanese proficiency (assessed in light of the length of your stay to date in Japan) may affect your evaluation as a candidate. A lack of enthusiasm for Japanese, such as failure to speak any Japanese at all during the interview, will be detrimental to your evaluation.

**Q** Is it possible to be interviewed in English?

**A** While interviews are normally conducted in Japanese, they may be conducted in English if you arrived in Japan recently. Please note that you will be interviewed in Japanese if your application has been prepared in Japanese. Accordingly, be sure to prepare your application in English if you cannot speak Japanese. Even if you are interviewed in English, efforts to speak in Japanese, such as giving a simple self-introduction, will be evaluated positively.

## Other Questions

**Q** Who should enter my basic information and submit my application online through the Application Support System?

**A** As a rule, applicants should do this themselves. Information in the Application Support System is provided in both Japanese and English. You may ask the staff in charge at your university for assistance.

**Q** I do not know my reference number. What should I do?

**A** Your reference number will be issued upon completion of the online submission process.

### Establishment

The Otsuka Toshimi Scholarship Foundation was established on March 6, 2007. The Foundation was formally registered as a “public interest incorporated foundation” on April 1, 2012.

### Background to the Foundation’s Establishment

Japan's aging population and low birthrates have become prominent trends in recent years that are expected to accelerate. The country faces a strong need to develop as many talented young people as possible. Meanwhile, developing countries in Asia, the Middle East, Africa, and other parts of the world--which have strong economic, educational, and cultural ties with our country--have growing numbers of young people but limited opportunities for them to study and pursue research at universities and other institutes of higher education in Japan and other developed countries. Additionally, young people from such countries often struggle financially while studying abroad due to inadequate resources.

Given these conditions and the need for ongoing, mutually beneficial development, it was recognized that the provision of financial assistance to Asian, Middle Eastern, African, and other international students specializing in medicine, pharmacology, nutrition, physical education, and business administration at Japanese universities and graduate schools would be highly meaningful and worthwhile. Accordingly, the Otsuka Toshimi Scholarship Foundation was established in 2007.

### Profile of Toshimi Otsuka, the Founding Donor

The Foundation began with a private donation from Toshimi Otsuka, a member of the family that founded the Otsuka Group. Toshimi Otsuka was born on December 24, 1922, in Naruto, Tokushima Prefecture. Raised by hard-working parents, she enjoyed a happy childhood.

In 1950, Toshimi Otsuka joined Otsuka Pharmaceutical Factory, a firm established by Busaburo Otsuka, her father. There she assumed various responsibilities ranging from clerical work to employee dormitory management. She lived simply and frugally, practicing economy wherever possible. In her later years, she expressed a wish to help society in some way and offered to donate her lifetime savings for the purpose.

The Otsuka Toshimi Scholarship Foundation was established in 2007 to provide financial assistance to students from countries that have long supported the growth of the Otsuka Group and thereby contribute to the development of future leaders in those countries.

While serving as a director of the Foundation, Toshimi Otsuka attended the award ceremonies for scholarship recipients each year, drawing on her own life experiences over the years to talk about the joys of learning and the importance of overcoming obstacles. A gracious and modest

woman of personal integrity, she died on May 3, 2011, having led an unblemished life for 88 years.

The memory of Toshimi Otsuka lives on in the Foundation's activities.
