- Before applying for the lottery, check the following course registration rules carefully.

1. **Applicable Lottery Courses**

Check the syllabus on CELS to find out if a course is a lottery course or a non-lottery course.

→ Go to “Syllabus” > “Search for Specific Items”

Lottery courses are indicated with a “○” symbol in the “Online Lottery Registration” section.

You can also use a search function to find lottery courses as well.

2. Undergraduate degree-seeking students should refer to [学士課程ガイドブック](#)

3. Postgraduate degree-seeking students should refer to [学生便覧](#)

4. Exchange students and MEXT Japanese Studies students should refer to

[Course Registration Guidelines for Exchange Students \(Undergraduate level\) and MEXT Japanese Studies Students](#)

Information on WEB Lotteries (2)

- If many students try to access CELS as the deadline approaches, **you may not be able to complete your entry properly in time**. There is no remedy even if you cannot complete your entry, so complete the procedures as early as possible.
- **You can change/add/delete your choices as many times as you wish** during each entry period only. (Be sure to **confirm details of your registration at the end of the procedure**.)
- The 2nd, 3rd, and 4th lotteries are held only for courses that have seats remaining after the previous lottery. You are not allowed to register for any courses after the end of all lotteries even if some courses have seats remaining.
- Courses that you've won in the lotteries will be automatically registered. **You are not allowed to swap them with other courses**. If you wish to withdraw from any of the lottery courses you've won, you may only delete them during the specified course withdrawal period.
